The International Conference on Computer Science and Application Engineering (CSAE 2017) will be held during October 21 to 23, 2017 in Shanghai, China.

The main purpose of CSAE2017 is to provide a high forum for researchers, scholars, and engineers in the general areas of Computer Sciences and Application Engineering to disseminate their latest research results and exchange views on the future research directions of these fields, to exchange computer science and integrate of its practice, application of the academic ideas, improve the academic depth of computer science and its application, provide an international communication platform for educational technology and scientific research for the world universities, business intelligence engineering field experts, professionals, and business executives.

Topics
- Basic Theory of Computer Science
- Computer Software
- Computer Architecture
- Computer Hardware Technology
- Computer Application Technology
- Natural Language Understanding
- Machine Translation
- Information Security
- Computer Network

CSAE2017 has been included in cnki.
CSAE2017 has been included in ScienceNet.cn.

News
2017.7.20 Update: The 3rd round of calling for paper begins today. And the submission deadline has been extended to August 20, 2017. Please seize the chance and submit your paper. Thanks for your support to our conference.

(AM 9:00--12:00, PM 14:00--17:30 Monday to Friday)

Publication and Index

DEStech Publications, Inc.

All the papers accepted by CSAE 2017 will be published by DEStech Publications, Inc, and submitted to EI and CPCI index by the publisher.

DEStech Publications, Inc. publishes original books, textbooks, CD-ROMs, eBooks, proceedings, and refereed journals in advanced technology and engineering. To specialist authors and editors in technical disciplines, DEStech Publications offers a combination of high-level editing, excellent review procedures, and royalties with state-of-the-art book and journal production and global marketing. For societies and conference organizers, DEStech produces custom books, CD-ROMs and flash drives for meetings and congresses worldwide...on time and on budget.

DEStech Publication,Inc. has offices in the UK, Europe, Australia, China, India, Malaysia and Singapore, which publishes more than 200 periodicals and 4000 new books each year and more than 10000 professional books till now.
